R AYER'S
Cathartic Pills,
(SUGAR COATED)
ARE MAKING
EANSE THE BLOOD AND CURE THE SICK
nvalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.
FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.
PITTSBURG, Pa., May 1, 1856.
J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.
DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.
: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax, and Worms.
POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.
AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctor's bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.
From Rev. J. V. Himes, Pastor of Advent Church, Boston.
AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.
WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.
DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.
JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.
From a Forwarding Merchant of St. Louis, Feb. 4, 1856.
AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.
ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.
From the Rev. Dr. Hawkes, of the Methodist Epis. Church.
PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.
HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.
SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.
DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout — a painful disease that had afflicted me for years.
VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL
FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,
and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

Practical and Analytical Chemist, Lowell, Mass.

GREAT ENGLISH REMEDY!
Thorn's Compound Extract of
COPAIBA AND SARSAPARILLA.

POSSESSES advantages not enjoyed by any other medicine for the cure of Sexual Diseases, and which must, with an enlightened public, render it highly popular, and a desideratum long sought for in the medical world. It requires no confinement or change of diet. In its approved form of a paste, it is entirely tasteless, and causes no unpleasant sensation to the patient.

It has acquired the utmost fame in almost every part of Europe. It has been examined, approved of and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession.

The above valuable preparation has been extensively counterfeited by unprincipled parties in the United States. TO BE THE GENUINE observe this LABEL bound round covering the bottom of each Pot:

Thorn, Chemist, London; John A. Tarrant, New York, Sole Agent for the United States.

Each pot on each pot will also bear the names of the proprietor, and the United States Agent.
DRUGGISTS AND DEALERS will observe on each dozen the following label:

IMPORTANT NOTICE.
The increased reputation and great demand for Thorn's Compound Extract of Copaiba and Sarsaparilla, have been an inducement to others to offer Imitations of this valuable article. Venders are particularly warned of this fact that they may be on their guard, and not dispose of any spurious article, calculated to injure the reputation and destroy the merit of the original preparation; to obviate which the subscriber, successor to James Tarrant, by whom it was first introduced into the United States, has affixed his signature to this caution, to counterfeit which is forgery.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

LATER FROM THE EAST.

Dates to June 20th.

INDIANAPOLIS, Ind., June 20.—Dispatches have been received at the Government office stating that some 200 rebel cavalry crossed the Ohio river below Louisville, and endeavored to destroy the bridge at New Albany. They had a fight with the guards, in which three of the latter were wounded and twenty were captured. A force has been ordered down the river to intercept the rebels' retreat. The object of this raid is undoubtedly to destroy the bridges, and thus prevent the transportation of supplies to Louisville.

PHILADELPHIA, June 21st.—Recent intelligence states that the main body of Lee's force is now at the Gap of the Blue Ridge. Stewart has 15,000 men at Warrenton. It is stated that Lee's army is massed in the Shenandoah Valley, between Front Royal and Winchester, numbering about 90,000. It is also stated that Lee's whole army is preparing to turn Hooker's right flank and cross into Maryland. The stage for Hagerstown got as far as Boonsboro', where it was stopped by rebel cavalry. All is quiet at Harper's Ferry.—Our troops captured 20 of White's cavalry at Point of Rocks.

CAIRO, June 21st.—Vicksburg papers of the 13th have been brought within our lines.—The leading articles are all quite despondent in tone—but there is nothing in them which gives even a mistrust as to the quantity of ammunition and provisions on hand. It is plainly stated, however, that there is a great lack of medicines and sanitary stores.

NEW YORK, June 21st.—The Tribune's Washington correspondent, writing on the 19th, says: Your special messenger direct from Hooker's headquarters, brings the important intelligence that the enemy has moved upon Centreville, and had an encounter with our forces at that point. Gens. Lee and Ewell took possession of Thoroughfare Gap.—Longstreet is in the neighborhood of Louisburg, and is constantly threatening Gen. Slocum. General A. H. Hill is known to have reached Dumfries. Nothing is known of his movements since his arrival there.

HARRISBURG, June 21.—There are now 50,000 troops in Camp Curtin, and constantly increasing.

NEW YORK, June 21.—Thousands in Eastern Tennessee and Western North Carolina have organized and are being joined by thousands of deserters to whom protection is guaranteed against the rebel government. Citizens have petitioned Gov. Vance for protection against this organization. Vance replied that he had no troops to send, and that they must protect themselves. 20,000 insurgents have openly offered to join the Union army as soon as a military post is established.

NOTE BY OPERATOR, YREKA.—For the last two days we have had here a series of very heavy thunder storms, rendering it almost impossible to get anything over the line, on account of the lightning. Yours, &c.

Second Dispatch.

NEW YORK, June 21st.—The rebels are scouring the country near Greencastle, and have got about 200 head of cattle. Rhodes has 10,000 men at Williamsport, Md. The opinion in official circles at Harrisburg is that the rebels have serious designs on Baltimore. Their movements indicates this. Fears are entertained that the enemy, consisting of 300 rebel cavalry, fired Mercersburg, Pa., in several places.

HARRISBURG, June 21st.—A dispatch received late this evening states that a rebel cavalry force was within eight miles of Gettysburg. They had crossed South Mountain, and were advancing east to attack the Northern Central Railroad. An ample force is prepared to resist the attack.

Dispatches contain the following:—The rebels are reported 40,000 strong at Hagerstown, Md., fortifying. Milroy's headquarters is at Bloody Run. Gov. Curtin, to-night, received a dispatch from Chambersburg, stating that Jenkins had arrived at Waynsboro, and threw out pickets five miles this side, but withdrew them this morning. Jenkins has been stealing horses in the Mountains. Gen. Couch received a dispatch this morning, confirming the report of rebel cavalry being at Gettysburg.

BALTIMORE, June 19th.—The latest advices from Dam No. 4, says that firing has been heard there at intervals throughout the day.

BALTIMORE, June 22d.—About 7 o'clock Saturday night, June 20th, a body of rebel cavalry reached Monocacy Bridge, four miles this side of Frederick. They paroled all the sick in the Hospital and every Government employee. They searched the stables for horses, and seized all marked U. S. A. Very large forces of rebel infantry, cavalry and artillery crossed at Antietam Creek during the day. Refugees say they number 40,000, but the pickets report them at 25,000. Earthworks are being erected on the East and North sides of Baltimore, thus completing the chain of fortifications. A line of fortifications is being erected within the city. The Union men are confident the rebels will not be so rash as to attempt a raid in that direction.

NEW YORK, June 22d.—A special dispatch to the *Herald*, dated Monocacy Station, June 21st, says, at 4 o'clock yesterday, a Federal officer made a dash into Frederick with forty men, driving out the enemy. Our cavalry passed through the city and immediately 15,000 rebel cavalry occupied the place. A number of horses were taken.

HEADQUARTERS ARMY OF THE POTOMAC, June 21st.—Gen. Hooker authorizes the following facts to be published: There has been no engagement whatever, up to this date, excepting cavalry skirmishes.

BALTIMORE, June 22d.—All the information received at the *American* office, is to the effect that the rebel force at Frederick is only a small party of not more than 7,000 or 8,000.

HEADQUARTERS OF CAVALRY, NEAR UPPERVILLE, June 21st.—Brig. Gen. Williams moved this morning to Middleburg, and attacked the rebel cavalry under Stuart, steadily driving him all day, and inflicting heavy loss at every charge. We took three pieces of artillery, besides carbines, pistols, swords, etc.—A large number of wounded rebels are in the town of Upperville. They left their dead and wounded on the field.

BOSTON, June 22d.—Letters from the fleet blockading Charleston, says, on the evening of the 12th, the rebel batteries on Morris Island opened fire on the troops on Folly Island. The *Pawnee* and *Gen. McDonough* steamed up to within good range of the rebel batteries and poured in a deadly fire from their heavy guns. The Federal batteries on Folly Island also opened fire, and for three hours shot and shell fell thick and fast. The rebel shot fell short, while those from our batteries burst in the midst of the rebel batteries. The firing lasted until sunset, result not known. The same night the whole bay and shipping were illuminated by an extensive conflagration at Charleston.

WASHINGTON TERRITORY.—We announce, by request, that Messrs. RAYNOR and COLE will speak as follows:

At Vancouver, on Tuesday, June 30, at 1 o'clock p m;
At Columbia, Clickitat county, Wednesday, July 1, 7 p m;
At Wallula, Thursday, July 2, after steamer arrives;
At Walla Walla, Saturday, July 4, (hour to be fixed.)
At Copper, Monday, July 6, at noon;
At Colville, Saturday, July 11, at noon.

THE TEST.—On Saturday evening a man who went to the polls of the Democratic primary to deposit his vote, was asked the question: "Are you for the Union?" The man replied: "I don't know; but I belong to the Democratic party." With this reply the ballot was deposited, everything being considered *satisfactory*. Can any sane man believe that there is anything pure and patriotic in the doctrines of a party with such a test? No. There is something so deceptive and rotten in their principles, that before the 7th of September they will have become a stench in their own nostrils. The honorable position which the Democratic party once occupied, has become so degenerate, that even a fusion cannot impart to it a healthy vigor. The rigid tests applied in times gone by, have all faded, and are now so lost in corruption and treason, that we exclaim,

"Infected be the air whereon they ride
And damn'd all those that trust them!"

—*Red Bluff Independent.*

From authentic sources it is learned that General Stoneman, after halting near Richmond, proceeded a little in advance of his fifteen pack mules, each attended by a cavalry horseman. When the mules and their cavalry escort started, they by mistake got on the Richmond road, and were about entering the city, creating the most terrible alarm among the chivalry, one of whom General Stoneman captured, while riding in great haste, he said, to apprise his neighbors, that "a lot of Yankee cavalry were entering Richmond with a lot of pack mules laden with a lot of infernal machines!" Fortunately for the President and Cabinet of the Southern Confederacy, the mules did not blow up their rebel capital with their infernal machines, though they caused great affright.

PRESTICIANS.—Humphrey Marshall will never accomplish anything in the race of fame in this world, but in the next he will *win the heat.*

The Richmond Inquirer says that the rebels should retrench their diet. Certainly. They are getting to have so little use for trenchers that they had better turn re-trenchers.

The Southern organs insist that two meals a day are enough. They will soon find it convenient to argue that one is a plenty—and that a very light one.

The Chattanooga *Rebel* says that the number of lovely ladies in the South was never greater than it is now. There may be girls enough down there, but they have nothing but pork to eat. So the rebel fare is now what the Yankee fare used to be said to be, "pork and lasses."—*Louisville Journal.*

At Grand Gulf the rebel batteries were manned—and well manned, too—by negroes. Yet the chivalry talk of hanging our officers captured in command of black troops! The Southerners seem to think they have a God given monopoly of the negro. Wherever they see one "they stoop down and nab him," as the chap said who lived by *finding* silver spoons. Free negroes captured by them, on sea or land, are retained as if they were their property. This claim to the proprietorship of a whole race shows to what arrogant lengths human presumption will run when left to its own devices.

MASONIC.—Harmony Lodge, No. 12, F. & A. M., holds stated communications on the 2d and 4th Mondays of each month, at 7 o'clock P. M. Brothers in good standing are invited to attend. By order [illegible] W. M.

Storage.—The Fire-Proof Stone Warehouse, opposite Umatilla House, is the only building, not made of wood, at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in *exposed* parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

In selling a gentleman a Hat, we do not permit him to wear the same, (if it be a Soft Hat,) out of our establishment until the packing creases have been removed; and if it be a stiff Hat, until it has been moulded and shaped to suit the particular formation of his head.

That principle being understood, we solicit the patronage of the public generally.

DR. D. JAYNE'S

EXPECTORANT

AND SANATIVE PILLS

HAVE BEEN BEFORE THE PUBLIC SO LONG, and found such general favor in every region of country where they have been sold, (and there is no place on the civilized globe where they have not been sold) that it would seem almost superfluous at this time to direct attention to them through the medium of the press. Yet it is due to suffering humanity, and especially to that numerous class who, in the changeable climate of the Pacific Coast, suffer from

Diseases of the Lungs & Throat,

inducing and ending in CONSUMPTION, many of whom may not have used this remedy, that they should be allowed to read of some of the cases where its influence has been useful in remedying complaints from which they are suffering. The EXPECTORANT

Operates immediately upon the Disease,

SURELY AND SPEEDILY ERADICATING IT,

while the SANATIVE PILLS, by preserving regularity in the Bowels, and giving a healthy tone to the other internal organs, aid and assist the perfect operation of the former.

Attention is asked to the following Certificates, selected at random from the mass in the possession of the proprietors.

UPPER UWCHLAND, Chester Co. Pa, Sept 15, 1858.

Dr. D. JAYNE—Having been afflicted with ASTHMA and BRONCHITIS, and having the advice of some of the most eminent physicians, whose skillful treatment of my case did not prove to be of any avail, I obtained no relief for my suffering until I commenced the use of your EXPECTORANT. After taking it for about three months, I was entirely cured. NATHAN PENNYPACKER.

ASTORIA, Long Island, Jan 15, 1860.

L. W. TINELLI, Esq. New York—Sir: As you well know I had been afflicted with BRONCHITIS, accompanied with the most painful tightness of the chest, and great difficulty in breathing for nearly two months, and I had almost lost all confidence in the power of medical science, when at your friendly suggestion, I began the well known (but not enough known) "EXPECTORANT" of Dr. Jayne, of Philadelphia. Three or four days after having commenced to take it, my cough had nearly subsided, the expectoration was easy, and the breathing quite free.

I am now quite another man, and my general health has never been better.

I remain, my dear Tinelli, with esteem, your servant and friend, J. D. MONTE.

WINFIELD, Tuscarawas Co, O., May 31, 1860.

DR. D. JAYNE—Dear Sir: One bottle of your Expectorant cured my daughter of the LUNG FEVER, after having been beyond the hopes of recovery. During the attack she had a number of convulsions. She is now perfectly well. J. H. COFFMAN.

BURLINGTON, Bradford Co. Pa, July 23, 1860.

DR. D. JAYNE—Dear Sir: My son was for one and a half years afflicted with a disease resembling CONSUMPTION. For two years he was not able to labor. He was finally induced to try your EXPECTORANT and PILLS, and after taking 10 bottles and some PILLS, was completely cured, and is now able to labor every day. JOHN HENRY.

We would add to the above that we sold to Mr. Henry the medicine for his son, and know that the statement is true. MERRY, WILHELM & CO.

For a greater number and variety of certificates, and fuller information regarding these and other of Dr D Jayne and Sons' Preparations, reference is given to the ANNUAL ALMANAC, which may be had from any Druggist or Dealer in Medicines.

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night. It will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhea, or a relaxed state of the bowels, take a dose of Pain Panacea and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe the gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

This sword had a handle in gold, representing at the upper part a warrior's head, covered with a helmet, and joined by a chain to a dragon's head which formed the hilt. The old moslem possessor of this weapon, procured it from a Janissary, into whose hands it fell during the disturbances at Constantinople in 1807. In a moment of distress he sold the handle and the scabbard, which was, he says, made of a kind of serpent's skin, and mounted in gold. The ancient origin of the blade is proved by a manufacturer's mark traced in Semitic characters.

"What makes the gaslight so vaccinating?" said Mrs. Partington, endeavoring to thread her needle as the gaslight rose and fell, now springing up to a brilliant flame, and now almost going out. It became steady at last, when Ike emerged from the cellar. "Where have you been?" inquired she, looking around at him. "Been to try the meter wrench," he replied. "What?" she screamed, in a tone that raised the cap off her head, "meet a wench! you disgraceful boy, how dare you say such a thing? I am almost tempted to take corrosive measures, and punish you within an inch of your skin. Such a fragrant outrage I never knew in one so young. Boys that show such moral turpentine never come to any good end." She ceased suddenly, like a horse-car brought up by a drawbridge, and rocked back and forth much excited. "I didn't do nothing," said Ike, "only tried this long thing on the gas the man gave me," and he held out to her a small wrench used to turn the gas off with, which he had been trying in the cellar. Mrs. Partington blushed just like a maple-tree in October, and patting the boy on the head, she sent him out with a three-cent piece that he had been for an hour teasing for in vain.

One Sunday the "plate" was passed around at Henry Ward Beecher's church, the collection to be for the benefit of contrabands or the children of contrabands. The following note was dropped upon it: "I am an Englishman; the Superintendent of an anti-slavery school. I have stood up during the entire service, and no one has been polite enough to offer me a seat. Yet I enclose a half sovereign." Mr. Beecher read the note to his congregation in the evening, and in the depth of his piety and Christian humiliation, delivered himself of the following speech: "Hereafter, I wish my congregation and the ushers to understand when they see an Englishman standing in the crowd, who has been the Superintendent of an anti-slavery Sabbath-school, and who has a half sovereign in his pocket, they must give him a seat instantly."

Why he Didn't Drink.—Mr. Brandytoddy has three reasons for not drinking. "Take something to drink?" inquired his friend in great amazement. "In the first place," returned Mr. Brandytoddy, "I am Secretary of a Temperance Society that meets today, and I must preserve my temperance character. In the second place, this is the anniversary of my father's death, and out of respect to him I have promised never to drink on this day. And in the third place, "I have just taken something."

A Reminiscence.—The Washington correspondent of the Springfield (Mass.) *Republican* relates the following:

"Speaking of Lincoln reminds me of an anecdote which Crittenden, of Vermont, the Register of the Treasury, told at an out-door meeting the other night. He remarked that he would state one fact in connection with his experience in this city, which he believed had never yet been made public. His first visit to Washington was perhaps an unfortunate one. He was a delegate from the State of Vermont to the Peace Conference which met in this city in the month of February, 1861, upon the invitation of the Governor of Virginia. In that Convention he happened to form the acquaintance of James B. Clay of Kentucky, William A. Seddon, of Virginia, (present rebel Secretary of War,) Governor Morehead, of Kentucky, (who is now a fugitive, and he hoped he would always be one until he repented) and others. His seat was near those gentlemen. One day, while sitting with them, a servant from Willard's Hotel entered and handed a card to Seddon, who sat near Crittenden. He did not know what was on the card, but it was passed around from one to another in such a manner that he could not help but see what was written on it. On the card was written these words: "Lincoln is in Washington!" He never saw such confusion made by a small piece of card before. They looked at each other with amazement. At last, Waldo P. Johnson, afterward a Senator from Missouri, who could not control himself any longer, exclaimed with vehemence, "How the devil did he get through Baltimore?"

The California Union Ticket.—The *Union* says of the nominations made last week by the Convention at Sacramento, that "the ticket presented is one of the best, if not the best, ever offered to the people of California.

There is not an objectionable man on it, from the first name to the last, and the Union voters of the State ought to be able to elect it by a majority to be counted by tens of thousands. But this end will not be accomplished without organization and without continuous and well directed labor. To the extent of their ability, the Rattlesnake and Copperhead Democrats are fusing. They will, too, in all probability, run as Union Democrats, who favor a war constitutionally, in their opinion, carried on by the National Government.—They are organizing 'Clubs' in every county in the State, and if the Union men think their candidates will be permitted to walk over the field they will find themselves greatly mistaken. The Secession snake in California is not dead—it is only scotched. It will soon raise its head again and be heard hissing its venom at the Administration and the Union cause.

The Movement of Bragg's Army.—Parson Brownlow, writing to the Philadelphia *Press*, from Nashville, May 20th, gives the following as to the purposes of the rebels in front of General Rosecrans:

The indications are, though not very strong, that the rebels will either attack the grand Army of the Cumberland or seek to get in our rear. It is certain that, three days ago, two divisions of the rebel army moved forward several miles. A military gentleman gives it as his opinion that these divisions were only advancing to give room for reinforcements coming in. Be this as it may, the fortifications of Murfreesboro and Nashville are complete, and can't be taken. The Army of the Cumberland is in fine condition, and has supplies of all kinds, here and at Murfreesboro, for eight months to come, or until the 1st of April next.

Notice to Contractors.

SEALED PROPOSALS will be received by the undersigned until and including Tuesday, the 7th day of July next, for grading, planking or filling with broken stone, as may be required; constructing plank sidewalks and crosswalks, and repairing such portions of the streets as may not require being laid anew, in accordance with **Ordinance No. 140,** entitled "**An Ordinance to improve certain streets in the City of Portland,**" and the plans and specifications prepared therefor.

The work is divided into sections and each proposal must specify the number of the section, as well as define clearly and distinctly the streets or portions of streets for which the proposal is made—the contractor to furnish all the materials and perform the labor. Proposals must state the price per cubic yard for excavations, price per cubic yard for filling, price per square foot for roadway planking, price per square foot for side-walks and cross-walks; all planking to be measured on the surface when laid; and the price per cubic yard for filling with broken stone.

The plans and specifications, together with a copy of the Ordinance will be ready for inspection on Friday, the 26th inst., at the office of the Clerk of the Common Council. Proposals should be endorsed, "**Proposals for Improving Streets, Section No. —,**" and directed to the Common Council. No bid will be entertained not in accordance with the Ordinance and the plans and specifications above named, and the Common Council reserve the right to reject any and all bids not deemed for the interests of the city.

INDUCED by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable,) hosts of ignorant Quacks and unscrupulous adventurers have opened upon suffering humanity the flood-gates of Nostrums in the shape of poor whisky, vilely compounded with injurious drugs, and christened Tonics, Stomachics and Bitters.

Beware of the innumerable array of Alcoholic preparations in plethoric bottles and big bellied kegs, under the modest appellation of Bitters; which instead of curing only aggravate disease, and leave the disappointed sufferer in despair.

Hoofland's German Bitters!

Are not a new and untried article, but have stood the test of fifteen years trial by the American public; and their reputation and sale are not rivalled by any similar preparation.

The proprietors have thousands of letters from the most eminent

CLERGYMEN,
LAWYERS,
PHYSICIANS
and
CITIZENS,

Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

Do you want something to strengthen you?
Do you want a good appetite?
Do you want to build up your constitution?
Do you want to feel well?
Do you want to get rid of nervousness?
Do you want energy?
Do you want to sleep well?
Do you want a brisk and vigorous feeling?

If so, use HOOFLAND'S GERMAN BITTERS.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I, therefore, thank God and my friend for directing me to the use of them.

J. NEWTON BROWN.
Philadelphia, June 23, 1861.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.

This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

For those who desire and **will have** *a Liquor Bitters, we publish the following receipt. Get* **One Bottle Hoofland's German Bitters** *and mix with* **Three Quarts of Good Brandy or Whiskey,** *and the result will be a preparation that will* **far excel** *in medical virtues and true excellence any of the numerous Liquor Bitters in the market, and will* **cost much less.** *You will have all the virtues of* **Hoofland's Bitters** *in connection with a* **good** *article of Liquor, at a much less price than these inferior preparations will cost you.*

ATTENTION, SOLDIERS!
AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters."

PHILADELPHIA, August 23, 1862.

Messrs. Jones & Evans.—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Captain R. B. Ayres. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this city on board the steamer *State of Maine,* from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again.

I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, and advised me to see a clergyman, and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbron, of Sixth below Arch Street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months: for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.

Very truly yours,
ISAAC MALONE.

We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.
